

Please come and join us as we support the  
**JOSEPH L. KAPLOWE JR. MEMORIAL SCHOLARSHIP**

Once again, we are raising funds for our next generation of Physician Assistant Students. Come enjoy the view and the camaraderie of “Team Joe’s” fabulous supporters. We welcome our friends, neighbors, and PA colleagues. There will be food, wine, beer, soda, and just plain fun!

Donations can be dropped off at the event, and for those of you who have already donated this year, please come so we can thank you in person. The scholarship is maintained and administered through the **Connecticut PA Foundation** by the *Connecticut Academy of Physician Assistants* and awarded each year to a worthy student selected by the Foundation committee. All donations given at this event will receive an acknowledgement from the *Foundation*.

**Back by popular demand, Food will be provided by the renowned  
MATTHEWS CATERING**

**so please RSVP BY JUNE 8<sup>TH</sup>**

# Joseph L. Kaplowe Memorial Scholarship

*Joe proudly served his country as a Medical Corpsman in the United States Navy. He then continued to PA school and began his long career as a surgical PA. Joe accomplished many great things throughout his career. He was the Founding President of the New Hampshire Academy of Physician Assistants, helped to institute and foster the concept of PAs serving as surgical and critical care providers, lectured at several PA schools and served on the Disciplinary Board of Medical Examiners for the State of Connecticut. However, one of the things Joe loved the most throughout his career was precepting PA students and mentoring junior PAs. His remarkable intellect, clinical savviness and 'street smarts' made him a favorite preceptor for decades of PA learners. He had an unforgettable sense of humor, encouraged others to not take life too seriously, shared his love for sailing and taught many lessons about life and about caring for our patients.*

*He worked tirelessly on numerous committees on both the state and national level and served as ConnAPA's Chair of the Legislative Committee for many years. He spearheaded many of ConnAPA's legislative initiatives. He was a true leader and advocate for our profession.*

***This scholarship is awarded to a student who has proudly served our country and exemplifies overall excellence and dedication to the PA profession.***
